BRANFORD'S FOWN MEETING. Much Opposition to the Proposed New Road.

Branford, Feb. 1.-The citizens held a town meeting here this afternoon, and considered the matter of building a new road from Rogers to Montowese street to the freight depot of the Consoli-dated road. There was great opposition to the measure, some of the more conservative citizens considering that it would be an unnecessary expenditure of the town's funds to build the road. Regain Health.

Comes Again.

Feed the Worn-out Brain With Paine's Celery Compound.

Let Changing Season Find System in Health.

Take The Great Remedy That Makes People Well.

A perfectly healthy body has it parts completely nourished and its nerves constantly refreshed and stored with energy from the vigorous blood that all the time bathes it.

But to do this important work o conveying sufficient nutrition to the tissues, the blood must be kept rich and full of red corpuscles.

The only trouble with two-thirds of the men and women whom the coming spring will claim for its victims is a pitiful lack of proper nerve food. What these weak, nervous people need is general feeding and storing of their blood and tissues with fresh highly vitalized material. There is undoubtedly nothing that can compare with Prof. Phelps' remarkable discovery, Paine's celery compound, for restoring health and strength.

The great body of physicians throughout the United States, England and Canada, believe profoundly in it, and prescribe it in all cases of nervous weakness and debility. In preparing this greatest of all nerve tonics and blood renewers, the eminent professor of Dartmouth college, Edward E. Phelps, M. D., LL. D., had in mind the countless men and women with brains verworked and nerves unstrung by

worry and lack of proper nutrition. Clerks, their employers, lawyers doctors, mothers of families, hard working men and women in every state and country, and hosts of brain work ers-the most intellectual part of the ommunity-are to-day taking Paine's elery compound, with the happiest re sults, to relieve themselves of rheumatism, neuralgia, nervous exhaustion tyspepsia, sleeplessness and low spirits Paine's celery compound oures disease: of the important organs of digestion circulation and excretion, by purifying the blood, by regulating the entire neryous system and supplying the body

with strength to combat disease. Paine's celery compound makes per ple well. It takes away all the tremor and irritability from the nerves, and gives that calm, strong feeling of assured health that invariably accompanies a perfectly well nourished bodily system.

Get rid of languor, clear the muddy unhealthy skin, plump out the hody and get back to a normal vigorous condition with Paine's celery compound and begin now.
